Lake Forest Graduate School of Management Announces Plans to Relocate its Schaumburg Campus in Fall 2010

After serving Chicago's Northwest Suburbs for 22 years, Lake Forest Graduate School of Management (LFGSM) takes its commitment to the Schaumburg area a step further by planning a state-of-the-art permanent campus for its MBA students.

LAKE FOREST, ILL. (April 13, 2010) — Lake Forest Graduate School of Management (LFGSM) is pleased to announce its plans to relocate its Schaumburg campus, which is currently located inside the Motorola Galvin Center (1295 East Algonquin Road), in Fall 2010.

For the past 22 years, experienced professionals in the Northwest Suburbs have chosen LFGSM for its quality — for its practical curriculum, its business-leader faculty, and its experienced student body. Now, LFGSM is expanding its definition of quality to include a Schaumburg campus that offers a superior learning environment for the experienced business professionals who choose its part-time, non-profit MBA program.

The new permanent home for the LFGSM Schaumburg campus will be located in the Schaumburg business district, providing easy access from major highways and roads, and will be no more than four miles from its current location. LFGSM is currently considering a number of locations in prominent and well-maintained Schaumburg office buildings, where the campus space can be specifically tailored to provide a best-in-class learning experience. The address of the campus's new location and the exact move date will be announced later this summer.

Relocating the Schaumburg campus is a major strategic initiative for Lake Forest Graduate School of Management. LFGSM has campuses in Chicago, Schaumburg, and Lake Forest, and delivers its MBA program on site at Allstate and BlueCross BlueShield Association.

Lake Forest Graduate School of Management is an independent, accredited, non-profit graduate business school. LFGSM offers the Chicago area's premier MBA program for experienced professionals, with campuses in Chicago, Schaumburg and Lake Forest, and on site at some of the area's leading companies.
